ANXIOUS TO GO HOME

CONGRESS WANTS TO ADJOURN BEFORE OCTOBER 15.

BIG BILLS MAY DELAY

Building Greatest Fighting Machine in the World Calls Enormous Energy and Expenditures.

(By W. C. Van Cleve).

Washington, D. C., Sept. 27,— Congress is endeavoring to reach an adjournment before October 15. The big bond bill has been completed and sent to the President; the big urgent deficiency bill has gone to the Senate where it has been reported with amendments adding nearly a billion dollars to it, making it altogether an eight billion dollar bill. The great revenue or war tax bill is still in conference with hope that it will be reported out this week. The trading-with-the-enemy act is out of conference and the new war insurance bill is still in the Senate committee. Other bills of minor importance are on their way to final disposition. So, while the prospects are good, we are still some distance from a complete agreement on all business. The members of the House are very anxious to get away and it is safe to say there will be no unreasonable delay at this end of the capitol.

* * *

There was considerable excitement and anger in the House a few days ago over some loose talk following Secretary Lansing's expose of former Ambassador Bernstorff's duplicity while in this country under supposedly friendly relations. A cablegram was given out in which the German ambassador requested permission from his government to spend fifty thousand dollars "to influence Congress" in the matter of going to war. The members felt that a false impression would go to the country.

Mr. Lansing has stated, and this is no doubt the true version, that what the German Ambassador wanted was to pay the cost of having thousands of telegrams sent to members of Congress and the organization of some of the numerous societies and organizations opposing war. Mr. Bernstorff had been in this country too long and was too shrewd a man to think of trying to subsidize Congress with fifty thousand dollars. It is doubtful if there is a single man among the 531 members of the House and Senate whose actions could be changed by any amount of money, and if there is, it is some member whose influence would be neglible.

There has, however, been many times fifty thousand dollars spent by various interests during the past year in sending telegrams and petitions to members generally. Members of Congress, like other men, may be misled by argument or false information and commit errors of judgment but, as a body, they are not corrupt and their anger at such statements unsupported by any facts is entirely justifiable.

* * *

The ever increasing number of boys in khaki and in naval uniform here serves to remind us along with the billions being appropriated that a great war machine is being built in America. It is a new experience to the United States but the United States is building the greatest fighting machine in the world. Lord Northcliffe the British publisher who has been in this country for several months, declared in a recent newspaper article as follows: "This September, 1917, sees the beginning of the growth of a war machine unequalled in the world's history. From the staid British point of view the process is sometimes bewildering." Other nations have been moving more or less cautiously in the way of expenditures and expending their forces in some particular direction but, since war was declared in this country, the United States has been moving forward in all directions. It is building a great army; it is building the greatest navy second now only to England; it is building the biggest aeroplane fleet; it is building a tremendous fleet of commerce carrying vessels; it is building submarines, submarine catchers, big guns, little guns and everything needed of the latest and most approved pattern. Your Uncle Samuel is going to the hilt, he proposes to take a man's part, and when he has finished, if the war continues long enough, you will see a mammoth fighting machine that will compel the respect, the admiration and the envy of the Kaiser and all his war lords.

* * *

The American army is now big enough to make any nation sit up and take notice. With 350,000 drafted men recently called to the camps the total number of men now in uniform is near a million and a half of which nearly one million, one hundred thousand are volunteers. This should be a matter of pride to those who believed in the volunteer system and while much sport has been made of William J. Bryan's declaration that, if this country were attacked, a million men would spring over night to its defense, his prediction has not been wholly lacking in fulfillment. Of course his use of "one night" was not intended to be taken literally, and had in mind a foreign force attempting to invade our shores.

Chairman Dent of the House committee on Military Affairs gave out the following figures a few days ago which may be studied with interest. Mr. Dent said:

"On the 6th day of September, 1917, there were in the Regular Army, National Guard, and Reserve Corps of the Army 78,828 officers and 741,953 enlisted men. In the Navy there were 141,867 enlisted men, 41,473 Naval Reserves, and 14,500 Naval Militia in the Federal service. There were 5,000 men in the Coast Guard and 6,500 in the Hospital Corps; a total of 209,340. On this date the enlisted strength of the Marine Corps was 29,971; reserves in this service, 1,070; National Naval Volunteers, 704; retired men on active duty, 14. There were approximately 12,000 officers in the Navy and 1,166 in the Marine Corps.

"In other words, on this date the Army had, including officers and enlisted men, 819,881, and the Navy 254,-

KNOW MORE OF OUR SCHOOLS

Meeting of the Commercial Club Is Announced.

While they are not listed in the industrial record of the town or state Maryville has several large manufactories, the Public and Normal school, that will present claims for a larger interest from the citizen Tuesday night, October 9, at a meeting announced by the Commercial Club, when members of their faculties will be invited guests.

Included in the list of speakers for the event are President Ira Richardson of the Normal; Superintendent J. M. McDonald of the High school; L. C. Cook and W. A. Blagg, attorneys, and Marcus A. Neilsen, of the Conservatory of Music. President C. W. Yehle, of the Commercial Club will preside.

Not only will the meeting furnish occasion for learning more about the activities of the schools and for getting bette racquainted with the men who supervise them, but the members of the club are planning a get-together and pet-acquainted evening with some social features that will be of a pleasing nature. The affair will be held at the Elks club rooms and will include a dinner, beginning at about 6:30 o'clock.

TRACK MEET RULES

N. W. ASSOCIATION BOARD MAKES SOME CHANGES FOR 1918.

TO RE-DIVIDE DISTRICT

With Twenty High Schools Now Members Expect Number Will Be Trippled Before End of Year.

When the next annual Northwest Missouri Inter-High School Track and Field Meet is held in Maryville in April, literary contests and debates will be in the list of activities and will be under the direction of the board of control. This change in the rules of the association was made Saturday at a meeting of the board at St. Joseph. In former years only athletic contests came under the board of control. With exception of a slight revision of the rules and by-laws no radical changes were made.

The dues for a permanent membership were set as $2. This will admit all high schools in this part of the state to all contests authorized by the association. Twenty schools are members of the association now, and this number will probably be trippled before the end of this year, according to those in charge of the high school body.

The board of control found it necessary to re-divide the district. Six sub-districts were made instead of four. The sub-districts are now composed of about twenty high schools each, while formerly there were five counties to a sub-district.

The change in the association admitting debates, was met at once by the idea to hold a debate this winter. A subject was chosen by the board as follows: "Resolved, That the Federal Government Should Own and Operate Railroads in the United States."

The annual northwest Missouri track and field meet will be held about the middle of April, on Saturday. The literary contests will be held Saturday evening, while the debate is scheduled for Friday evening.

The members of the board who met Saturday are: Earle C. Duncan, New Hampton, president; P. C. Callaway, Mound City, secretary; George A. Beasley, Liberty; A. Boyd, Albany; and A. A. Ross, Pattonsburg. Ira Richardson, president of Maryville Normal, also attended the meeting.

DAINTIES FOR THE BOYS

Members of Women's Societies Will Give Each a Box When They Entrain Wednesday.

A lunch box filled with some extra dainties for the soldier boys to carry on the train with them when they leave for Camp Funston Wednesday afternoon, is being prepared by the younger women's societies of the Christian, Baptist, First Methodist, St. Mary's Catholic, Buchanan Street Methodist, St. Patrick's Catholic and Presbyterian churches.

The committee in charge is composed of Mrs. J. D. Richey, Mrs. A. M. Crooke, Mrs. Marvin Curnutt, Mrs. W. J. Osburn, Mrs. E. H. Schenck, Miss Ruth Matter, Miss Lenore Schumacher, Miss Clara Sturm, Miss Ora Eckles, Miss Marguerite Cummins, Miss Katherine Helwig, Miss Frances Miller, Miss Ora Barmann and Miss Kate Schenck.

The boxes will be delivered to the boys at the station.

REV. HARKNESS TO COME

Former Maryville Pastor Will Be the Principal Speaker on Wednesday's Farewell Program.

The Rev. Samuel D. Harkness of Kansas City, formerly pastor of the First Presbyterian church of this city will be the principal speaker at the reception to be given by the churches to the boys who will leave Wednesday for Camp Funston. Dr. Frank G. Smith who had been secured last week sent word today that he could not attend. With this exception the program announced in the Democrat-Forum last week will be carried out.

Supreme Court Into Draft Law.

Special to The Democrat-Forum.

Washington, Oct. 1.—With a decision on the constitutionality of the selective draft law, one of the important tasks before the United States supreme court, that body which has been in recess since last June, was formally reconvened today.

AN UNUSUAL EXHIBIT

THE HIGHLAND SCHOOL DISTRICT HOLDS ANNUAL FAIR.

A BEDROOM COMPLETE

Walnut Furniture Made By Boys With Furnishings By the Girls—Program by Mothers' Circle.

When it comes to real productivity of war foodstuffs Highland school district is doing its part in no uncertain manner. A visitor at the annual school fair and exhibit at the school last Friday afternoon found a remarkable exhibit of garden and field produce, together with articles in manual training, domestic art, and handwork. Twenty-nine different agricultural products were shown, representing one hundred and eight separate entries. Not a single exhibit was just ordinary, but each was a prize sample and worthy to be shown anywhere. Potatoes, pumpkins, squashes, apples, melons, tomatoes, cabbage, beets, turnips and others were there in great variety. While the exhibits were in large part raised by the children of the school, parents added to the display. With the number enrolled at Highland school, eight children being pupils of Miss Rose Shinabargar, the teacher, it is believed that few schools in the county have ever made such a showing.

Among the handwork exhibits was a bedroom completely furnished with handmade walnut furniture, the work of the boys in the manual training class. The room had been papered by the girls and the bedspread, pillow cases, dresser scarfs and window curtains were all made to match and trimmed with handmade lace. The real value of such practical training will come when the youngsters go into homes of their own, taking with them ideas of what a home should look like and the ability and desire to arrange it properly.

Several exhibits of fancy work were made by Robert Mountjoy and Arthur Charles, two boys of the class. The work was as perfect as any feminine fingers could have made it and the designs were difficult and pretty.

Another feature deserving praise was the little room fitted out and furnished by the primary children in paper furniture. It was unique, pretty and perfectly designed.

The agriculture class exhibited specimens of grafting which represented much work and showed skill as well as practicability.

A program was given by the Mothers' circle, as follows: "What the Mothers' Circle Has Meant to Me," by Mrs. C. W. Shinabargar; "Co-operation of Parents and Teacher," Mrs. M. V. Mountjoy; "Mother, Teacher," Mrs. Otis Lyle. Two minute talks by each member of the Circle followed including an address by County Superintendent Bert Cooper.

The papers were excellent and showed a great deal of preparation and study.

Miss Shinabargar has been teacher at Highland school for a number of consecutive years and has made a record for practical instruction that has been most gratifying to patrons of the district. The school board has painted the building and placed it in excellent shape and are installing a modern heating and ventilating system. The afternoon program came to a close with a splendid luncheon served by the ladies of the district.

Indict Former Pen Warden.

Special to The Democrat-Forum.

Jefferson City, Oct. 1.—Warrants were issued today by the grand jury for the arrest of former Warden McClurg, of the state penitentiary and Lee Jordan, a lumberman, on indictment for the construction of the cell to defraud the state in sales of cement for he construction of the cell houses at the penitentiary.

HIS $1,000 MADE $50,000

Brother of Harvey L. Haines Sells Third Interest in Oil Lease Near Big Trapshooter Wells.

With fortunes made "while you wait," attracting thousands to the new oil fields in Southern Kansas, F. H. Haines, of Eldorado, Kan., a brother of Harvey L. Haines, of this city, is now in the oil magnate class. A news dispatch from Eldorado says:

"One of the largest leasing deals reported here in the last month was closed late yesterday, when the Ramsey Petroleum company paid $50,000 to F. H. Haines for a one-third interest in the Harmon farm of 160 acres. The lease was owned by Roy Ramsey, F. H. Haines and C. M. Root. This land is about three miles southeast of the Cardey, Shumway and Trapshooters, and is about one mile from the Forest Oil and Gas company's Simkins well. It is directly west acro s the line from the Empire Gas and Fuel company's big Koogler wells.

In a phone message to his brother here yesterday Mr. Haines told him the best thing about it was that he had the money in his pocket." Mr. Haines still retains one-third of his two-thirds interest in the lease with the lessees agreeing to develop it at their own expense, Mr. Haines to receive one-ninth of all the oil produced. The original lease was secured by Mr. Haines and his associates seven months ago at a cost of $1,000 each.

FUNERAL OF DAVID SCOTT

Brother of W. L. Scott, Who Died Suddenly in Kansas City, Will Be Buried Here.

The funeral of David A. Scott, brother of W. L. Scott, of Maryville, whose death occurred suddenly Saturday at Kansas City, was held this afternoon from the Maryville Furniture company undertaking parlors, conducted by Rev. S. A. Colle of the Presbyterian church.

The pall bearers were: W. C. Pierce, J. A. Ford, Edward Wolfert, James Bryan, Ed Signs and George Woodworth.

Mr. Scott was sixty-eight years old and besides his brother in Maryville is survived by a brother and sister who live in Richmond, Ohio. His wife, now dead, was Miss Maggie L. Scott, a sister of William and J. L. Scott, of this county. He had been a resident of Harrison county, O., for a number of years, and on a visit to Kansas City last week was taken with a hemorrhage which resulted in his death.

IT JUST TOOK HARD WORK

C. D. Caldwell Gives Credit For Success of Angus Herd to Men Who Work For Him.

The following was from today's Kansas City Times about the Aberdeen-Angus herd of C. D. Caldwell & Son of Burlington Junction, which is showing at the Royal Show in Kansas City this week:

One of the most interesting herds is that of C. D. Caldwell & Son of Burlington Junction, Mo. Mr. Caldwell has been interested in thoroughbred cattle only a few years, but he has developtd a splendid herd of black Angus and has turned out some of the finest beef steers in Missouri. His success is said to border on the phenomenal, but he declares there is nothing phenomenal about it. "Just hard work and good judgment on the part of the boys who work for me is responsible for my success," he said. Mr. Caldwell had the grand champions in both males and females last year and expects to repeat these victories this year.

RALLY DAY BIG SUCCESS

Every Department of M. E. Church South Had a Part in Program Yesterday.

"We are going to bring over a thousand delegates next month to the state convention—three hundred are coming from Kansas City on a special train," Sterling L. Williams of Kansas City, told an audience at the South Methodist church yesterday afternoon, concluding an address in which he made a plea to men to aid in the work of the Sunday school and church. "If it wasn't for the Ladies Aid Societies," said Mr. Williams, "ninety per cent of the churches would go out of business, and you men ought to get on the job." Mr. Williams together with Rev. T. M. Taylor, pastor of the M. E. Church, South, at Fairfax, were visiting speakers yesterday at the all-day rally of the Buchanan street church, both being heard by large audiences at the morning and afternoon services.

There was a record attendance at Sunday school in the morning with increased interest being shown by the members who came with baskets filled with good things to eat, including fried chicken a la Methodist, for the dinner at noon. All departments of the church had a part in the rally-day program.

WILL SEND A FULL QUOTA

Local Board Has Authority to Name the Number in the Third Contingent Wednesday.

The number of men to be sent Wednesday in the third contingent of the draft army has been left to officials of the local boards by Adjutant General McCord, says the Kansas City Star. Telegraphic instructions from McCord specify that not less than 5 per cent and not more than 40 per cent of the division quotas shall be sent in this contingent.

The Adjutant General's inability to designate specific numbers to entrain tended to place the draft in a chaotic condition so far as the third contingent is concerned. Uncertainty as to the liability order of the men whose names are in the hands of the local boards is one cause. The district board has not been able, because of lack of time, to pass on every case in its order, hence the local boards do not know what disposition finally will be made of the cases pending.

The board here will send the full 40 per cent quota from this county as all of them have been ordered to report that day.

REESE - CULP CASE

PLAINTIFF IS SUING FOR $3,600 WAGES FOR 12 YEARS.

A. M. CAMPBELL GETS $5

Jury Gave Verdict Against George Craig — Jury in Wilson Teson Case Hung and Discharged.

The case of Wilbert Reese against E. C. Culp for $3,600 as wages for twelve years' work was on trial in circuit court today before Judge Dawson. Reese claims he worked for Culp for twelve years at an agreed salary of $300 a year.

The jury that is hearing the case is composed of Brice Wilson, William Davenport, Fred Wright, George Gray, W. W. Alexander, George Goff, Joe Alexander, Earl Heflin, J. F. McManus, Tom McGarry, E. K. Bailey and Henry Heitman.

The jury in the case of E. H. Wilson against Charles A. Teson of the Bank of Conception of Clyde was unable to agree upon a verdict and was discharged by the court late Saturday afternoon after being out several hours. Several members of the jury, it is said, wanted to give Wilson damages for $1 while the others were in favor of finding for the defendant. The suit was for $5,000 damages, the plaintiff alleging that Teson wrote a letter which injured his credit and business at Clyde.

The jury brought in a verdict for $5 for A. M. Campbell in the case in which George Craig was defendant. The suit for $7.50, outgrowing from the purchase of a cow. Craig filed motion for a new trial.

The note suit of John Kane against Joseph Binter was continued.

W. R. Tilson, collector, against Caroline Campbell, et al, back tax, cause settled and dismissed.

Maude Bird against R. J. Belby, contract, cause continued.

Lydia F. Weber against G. W. McMillen, et al, note, cause settled and plaintiff dismisses suit.

U. S. Wright against J. H. Cooper, et al, note, defendants defaulted and judgment for $908.65 at 8 per cent.

ATTEMPTED AUTO THEFT?

Car Belonging to Guy Haller Driven West of Town and Deserted—Police Search Fails.

Last night about nine o'clock residents living a short distance beyond the end of West First street saw a man drive an automobile off the road, jump out quickly and run hurriedly away. After the car had stood some time, the engine still running, the police were notified, as it seemed an unusual place in which to park a car and the man's actions had looked suspicious.

Investigation revealed that the car belonged to Guy Haller and had been taken from in front of the First Methodist church where Mr. Haller had left it. No trace of the party who took it was found by the police. The car was not damaged.

A. O. MASON HURT IN FALL.

Caught Underneath Horse While Unloading Cattle Saturday.

A. O. Mason is confined to his home on East First street with injuries received Saturday when a horse he was riding fell on him. Mr. Mason was unloading cattle at the stock pens near the depot when the animals stampeded, frightening his mount and causing him to turn suddenly and fall. Mr. Mason was caught underneath and painfully injured. He expects to be about his work again in a few days.

265, a total armed strength on that date of 1,074,146 men, all of whom are volunteers. Prior to this time there was not a drafted soldier in a single training camp. The draft law was approved on the 18th day of May, 1917.

"On September 6 the Regular Army was composed of 308,145 enlisted men and 7,022 officers; the National Guard of 377,421 enlisted men and 12,250 officers; the Reserve Corps of 55,487 enlisted men and 32,215 officers. There were also 27,341 officers turned out of the training camps.

Since war was declared 1,300,000 men have volunteered their services in one form or another for the defense of the country. Since April 6, 207,882 men have enlisted in the Regular Army and 214,419 in the National Guard; 77,187 men have enlisted in the Regular Navy, 16,705 in the Marine Corps, and 31,473 in the Naval Reserve."

There is every reason to believe too, that at an early date the remainder of the ten million men registered under the new draft law will be examined and assigned to a position so that each man may know in what order he is likely to be called. Germany calls her men in "classes." There is no question but that the War Department expects to complete the examination of the registered men as soon as it can get around to it so that it will know how many soldiers it will have in sight and whether another registration will be necessary. Those who are accepted will then know in what order they are to be called.

Mr. and Mrs. J. S. Van Cleve left today for Moberly, Mo., where they will visit for several weeks with relatives.

Ruddy Cheeks—Sparkling Eyes —Most Women Can Have

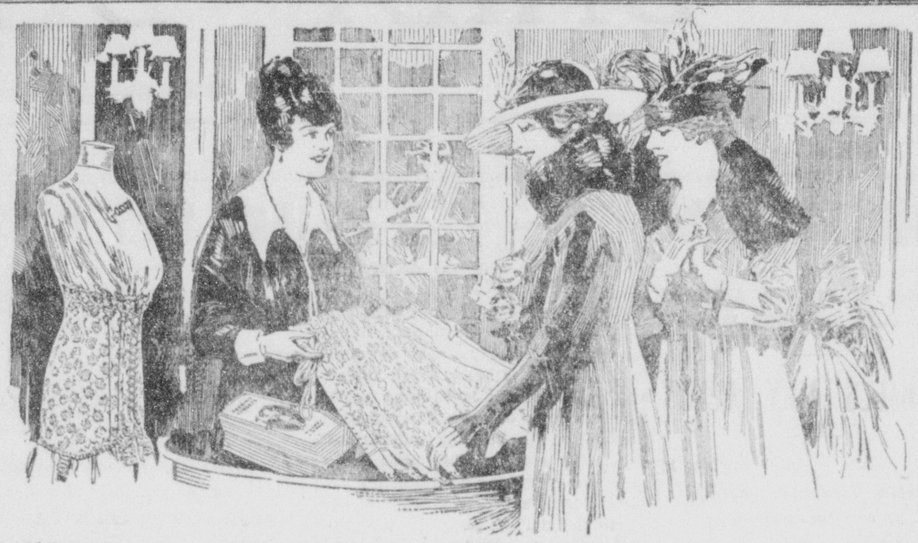
Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.



"What Wonderful Gossards!"

"Never Before Have I Seen Such Beautiful Corsets"

You will say that, too, when you see our new Fall Gossards. Wonderful corsets—wonderful values. No woman can afford—particularly in times when wise economy is more than a watch-word—to ignore the savings offered by these Gossards—savings without sacrifice—because the simplest gown is given grace, distinction, vogue, over the fashionable silhouette of a Gossard. The most expensive gown loses in effect if worn over an ill-fitting corset.

Remember, please, that the Gossard—the original front-lacing corset—gently and with perfect comfort molds the figure into the new straight back and hip lines and smartly indicated waist. We have the Gossard that will enable you to become the ideal of your type—one of the nine ideal figures.

Our corsetieres are ready to serve you, to help you select, or to fit you properly if you desire.

Our new Gossard booklet—we will be pleased to give you a copy—illustrates the nine ideal figure types together with representative corset models. It enables you to determine your corset requirements at a glance.

Gossards at $2.00, $2.50, $3.50 and $5.00

Knowing how all prices have advanced you will be especially impressed with the incomparable Gossards at $2.00, $2.50, $3.50 and $5.00. At one of these prices you can find the corset perfectly adapted to your individual requirements—designed by the same genius which causes master gown designers the world over to specify "Gossard" as the foundation for their efforts.

Hundreds of thousands of women in all parts of the United States will buy one of the three Gossards described below within the next few days—one of the models is THE corset for you.

TO THOSE WHO HAVE THOUGHT OF BUYING A CHALMERS CAR

An arrangement has been effected whereby the Maxwell Motor Company has leased for a period of five years the properties of the Chalmers Motor Company.

The immediate effect of this transaction is:

1. The Chalmers car will be continued under the Chalmers name for a period of five years.
2. Those distributors or dealers who have been successfully marketing the Chalmers car will continue to do so.

The appraisers of the property and their engineers report the current Chalmers model a good car and the Chalmers plant a wonderful factory.

The first move we have made is to increase the efficiency of the Chalmers organization.

The second move was to place behind the Chalmers car the resources of the Maxwell Motor Company.

This is a business transaction between two automobile companies of probably no more than ordinary interest to the public but important to you if you have thought of buying a Chalmers for these obvious reasons:

1. You obtain a good car.
2. You obtain a car produced in a magnificently equipped plant.
3. You obtain a car produced by an organization materially strengthened by the addition of able executives.
4. You obtain a car produced by an organization materially strengthened by additional financial resources.
5. You obtain a car from a distributor or dealer who will have the support of this organization.

In this way all three of us prosper in the transaction.

There Is A Difference

Many people confuse the terms trustee, executor and administrator.

The administrator is appointed by the court to manage and settle the estate of a person who dies, leaving no will. This consists in collecting and paying debts, paying legacies and distributing the property among the heirs.

The executor is selected by any person making a will, to see that the terms of his will are carried out.

The trustee is appointed by the testator to hold property in trust for others until a designated time.

The Farmers Trust Co. acts as administrator, executor or trustee.

GET READY FOR TEACHERS

Program Committee Outlines Program Meeting Held Saturday at St. Joseph.

President Ira Richardson, of the Normal school returned Saturday night from St. Joseph where he went to attend a meeting of the program committee for the Northwest Missouri Teachers' association meetin to be held here November 1-2.

A tentative prog(ram was arranged and invitations have been sent to a number of prominent educators. Fram several advices hae already been received of acceptance, while others yet remain to be heard from. Until all invitations have been acknowledged it will not be possible at this time to give a correct list of the speakers who will be here.

The sessions will be held at the Normal, the meeting occurring at the time of the annual corn show and domestic science exhibit.

Declared of Unsound Mind.

Ross Burch, of Clearmont was found to be of unsound mind and incapable of administering his affairs in probate court this morning and will be taken to St. Joseph where he will be placed in the state hospital. Henry Weber, of Clearmont aws named guardian of the personal estate.

IS AIRMAN NOW IN FRANCE

Dean Bailey, eldest son of Mr. and Mrs. H. C. Bailey, of Quitman, "somewhere in France," doing his bit for the cause of democracy, is the first Nodaway boy in Uncle Sam's army of airmen to see foreign service. In a letter home he says that he is feeling fine but that he is not permitted to write much concerning his observations. "We are in a beautiful harbor, but I can't tell you where," the young flier writes. "I am still more than glad that I enlisted."

Before enlisting last May young Bailey was employed as bookkeeper in the Stockyards Bank, at St. Joseph. A younger brother, is also in the aviation corps and is now training at San Antonio.

Was Made oCrporal.

Ira J. McCollum, who was among the drafted boys to leave Maryville September 19, to go into training at Camp Funston, has been made a Corporal. Mr. McCollum made his home with Mr. and Mrs. Henry Trullinger of Maryville.

Richard Kuchs of Toronto, Canada, accompanied by Acil Shipps of Springfield, Ill., arrived in Maryville last night to visit Mr. Kuch's parents, Mr. and Mrs. Richard Kuchs.

Nature Needs Assistance In Keeping You Well

A little help goes a long ways.

If you would keep your body in a healthy and robust condition, throbbing with that splendid vitality that indicates freedom from all ailments, first of all see that your blood is kept pure. Any slight impurity that creeps into your blood will soon effect the well-being of your whole system.

A few bottles of S. S. S. will give just the assistance that nature needs in keeping the blood absolutely free of all impurities. This old remedy is a wonderful purifier and tonic, and has no equal for keeping the blood rich and pure. It builds up the appetite and tones up the entire system.

S. S. S. is sold by druggists everywhere. It has been successfully used for more than fifty years, and people in practically every state testify to its great worth. Write for booklets and free medical advice to Swift Specific Co., Dept. E Atlanta, Ga.

Record Trip Car Was Here.

A. W. Conant Brings Hudson That Made Long Journey.

An interesting reminded of the much advertised trans-continental trip of a Hudson super-six was on the streets this morning—the same car that made the drive overland in record time. The car was in charge of A. W. Conant, of the Kansas City office of the company. Inscribed on the sides of the car was the fact that the round trip had been made from San Francisco to New York in 10 days and 21 hours. The trip east from the Pacific coast was made in five days and 3 hours. The distance covered was 6,972 miles, an average of 644.2 miles each day.

WOMAN NOW IN PERFECT HEALTH

What Came From Reading a Pinkham Advertisement.

Paterson, N. J. — "I thank you for the Lydia E. Pinkham remedies as they have made me well and healthy. Sometime ago I felt so run down, had pains in my back and side, was very irregular, tired, nervous, had such bad dreams, did not feel like eating and had short breath. I read your advertisement in the newspapers and decided to try a bottle of Lydia E. Pinkham's Vegetable Compound. It worked from the first bottle, so I took a second and a third, also a bottle of Lydia E. Pinkham's Blood Purifier, and now I am just as well as any other woman. I advise every woman, single or married, who is troubled with any of the aforesaid ailments, to try your wonderful Vegetable Compound and Blood Purifier and I am sure they will help her to get rid of her troubles as they did me." — Mrs. ELSIE J. VAN DER SANDE, 36 No. York St., Paterson, N. J.

DEMOCRAT-FORUM Classified Ads

ARE TWO PHASED

You have to lead a hermit life to get away from the almost daily need of Democrat-Forum Classified Advertising. For it's come to mean real service—to stand for short cuts in so many phases of daily life. Democrat-Forum Classified Ads do more odd jobs than all the odd job men in the city—greater errands than messenger boys—and make sales that cannot be made economically in any other way.

RATES IN THIS COLUMN

Classified ads running three days or more will be inserted in this column for one-half cent per word each insertion. No ads taken for less than 25c for three days.

Ads running less than three days or interrupted insertions, 1 cent per word each insertion.

Count the words; send money with the order. Ads should be in by 12 o'clock to insure insertion in this column same day.

These prices are for cash with order. An extra charge of five cents will be made on all want ads when cash does not accompany the order.
